

# SCHOOL ANNUAL REPORT – (2022-23)

The Annual Report showcases the achievements and glories of our school undoubtedly, but also makes us think deeply about our shortcomings. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality.

We set standards and goals for ourselves and strive to achieve them – be it in the area of academics, sports, discipline, leadership and more.

## ACADEMICS

“Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes you great”

The year 2019 commenced on a wonderful note when the results of our 10<sup>th</sup> and 12<sup>th</sup> classes CBSE Board Examination came out. We are happy to share with the details of the commendable performances of our students.

Total 30 students appeared and Master Dhruv was the topper of Humanities with 92.4% marks and Miss Rakshita was the topper of Science with 92% marks .

In class 10th total 39 students appeared for the CBSE Board Examinations and we are glad to announce that in class 10th also we got 100% result . Out of 39 students 17 students got 90 %. Miss Riya and Master Rohan were the toppers with 98.6% and 98.2% respectively.

Excellence in academics is the hallmark of any good institution and classes 10<sup>th</sup> and 12<sup>th</sup> results of the school prove without any doubt that our students made us proud.

None of these achievements would have been possible without the single minded commitment and dedicated care of our teachers. We are also constantly encouraged by parents and well-wishers who have shown much confidence and given their fullest support. I wish to acknowledge the efforts and guidance of our management as their collaboration and contributions have made a difference. We are still not satisfied with this result. We are aiming for the No 1 slot and have adopted various measures to achieve our goal. Extra coaching classes for the Board examinees, regular weekly tests and special counselling sessions for children are some of these steps.

## SCHOOL HOUSES & ACTIVITIES

“Strength does not come from physical capacity, it comes from unity”

The students of the school are divided into 4 different houses- Dograi, Haldighati, Kargil and Saragarhi. Each house is managed by House Masters, Associate House Masters, House Captain and House Prefects. The house on duty performs its duty of conducting the day to day activities, competitions in systematic and disciplined manner. Various Co – Curricular Activities are held to develop a child physically, morally, socially and mentally and to hone skills in co- scholastic areas, regular Inter House Activities were held in which the students participated and display their calibre.

All round development of the students is not only limited to academic endeavours, but it also demands the enhancement of communication skills. Effective and impressive skills in Public Speaking are inevitable in today’s education.

Unfortunately, most of the students feel nervous and panic 😞 at the crucial moment. Hence, do not tend to participate and polish their public speaking skills. It is one of the most feared experiences by many. The best way to alleviate these fears is to start training them at an early stage. So with a vision to enhance and pioneer the public speaking skills in our students, School has organized ‘Public Speaking Activity for Grade VIth students. LITTLE ORATOR

The Investiture Ceremony 2022-23 successfully inducted the newly elected and selected members of The Aaryan Global School’s prefectorial board on 30th July 2022. Student council truly gives the opportunity to foster skills like leadership, communication, teamwork, organisation and public speaking in a Student. To inculcate such skills in our little Aaryans of Grade VI to XII and to make them understand the importance of Democracy, Voting was done by the students of The Aaryan Global School, to choose their own representatives on 20th July 2022 in school premises. All the students stood for different positions in the council have done their campaigning well. The school ambience was filled with lots of enthusiasm.

In education, the term exhibition refers to projects, presentations, or products through which students “exhibit” what they have learned.

Students enjoy learning through such exhibitions as they put effort and make models with their own hands. When they give presentations in exhibitions, they become more familiar with public speaking and this removes their stage fright and imparts self-confidence in them.

In order to inculcate all above mentioned skills in Aaryans, Science Exhibition and Holidays Homework Exhibition was organised on 17 July 2022 in which all the parents were invited as the guests. Also interactive PTM was also organised to access the progress of the students. Overall it was a worthy event.

With the same thought our young ones of Grade III & IV performed gymnastics; which help them in improving strength, flexibility, agility, coordination, dedication and endurance. The movements involved in gymnastics contribute to the development of the motor skills. Overall it was delightful performance by the AARYANS.

Memories of school trips are among the most prominent of the formative years, largely because they are a welcome break in the routine for both students and teachers. While their purpose is essentially to educate or entertain, they can also be a fun bonding experience for everyone involved. Going on an excursion trip means more than simply leaving the school grounds. The importance of trips includes giving students the chance to build closer bonds with their classmates, experience new environments and enjoy a day away from the classroom. Getting away from the everyday atmosphere of the classroom gives students an opportunity to spend time with each other in a new environment. They may be able to connect on more of a personal level without the structure of the normal school day. The Aaryan Global School, Rohtak, organised an excursion trip to 'Mojo Land' – Water & Amusement Park on 04 October 2022, Tuesday for the students of classes VI and XII. Students were excited for the much awaited adventure. They enjoyed thoroughly while trying several thrilling rides and refreshed themselves in the water rides, rejoiced the rain dance and had fun at snow park. Children relished the lunch and snacks with their friends and teachers and returned with loads of memories.

"Culturally , economically, climatically, racially, linguistically, ethnically and religiously, put together, India is the most diverse country in the world."

in colorful costumes , students were a sight to watch. Theme for Aryan Ahvaan was "Incredible India. The senior students turned out to be excellent artists and their efforts were met with well-deserved applause. Grade II and III showcased their talent by performing a skit. Unity in diversity skit was appreciated by everyone. A theme dance aroused the feeling of patriotism among all sitting in the hall. Cute lil anchors of the school made audience enjoy with fun and frolic. A welcome speech was given by head girl Ms. Garima and vote of thanks was done by Ms. Riya (president student welfare council). Parents were told prominent things regarding child behaviour by Mr. R.K KHANNA. All the staff members stood up on their toes to build this event. Overall, it was a successful event and an appreciable one. It came to an end with National anthem.

A winner is not someone who is a born winner, instead a winner is someone who puts PLAN TO WIN, PREPARE TO WIN AND EXPECT TO WIN.”

Sports are one of the most happening thrills of life. Sports are something that teaches many qualities like dedication, leadership and discipline.
